

DEMONSTRATOR

SANDY CLARK HIGHLIGHTS

Represented in many private collections, Sandy holds a BA from the University of Arizona and an MFA from California State University, Long Beach. She is now teaching private workshops.

Intrigued by the use of various water media, Sandy has embarked on a journey into abstract naturalism, applying non-traditional techniques. Interpreting anew nature and the structural world around us, she finds in each painting an adventure with surprising and mysterious results. In addition to the variety of media, she paints on yupo “paper” and other surfaces that add to the unpredictability and excitement of her work.

Sandy approaches her paintings with a passion for visual discovery. She invites her viewers to share in that discovery and to participate further by finding their own symbolism and truths.

BOARD DISPLAY

Instead of seeing one individuals' work this month, we will feature a "Best of the Board" display. Board members are challenged to select a favorite piece from their retrospective work, a prize-winning piece, or current work. We look forward to bringing in the new year with a diverse and interesting exhibit. The board extends to all the members and their loved ones best wishes for a joyous new year.

The Board of Directors of your Association would like to take this opportunity to thank each and every one of you for your devoted service to our group during the year. It is our goal to continue to serve you to the best of our abilities during the coming year of 2004.
